FEES AND OTHER COSTS

The *Superannuation Legislation Amendment (MySuper Measures) Regulation 2013*, which was introduced on 28 June 2014, made some minor amendments to the fee disclosure regulations in Schedule 10 of the *Corporations Regulations 2001*, including a modified fee template, example and warning.

As a consequence, the PDS is amended as follows:

1. By deleting the consumer advisory warning above section 3.1 and replacing it with the following:

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a managed investment fee calculator to help you check out different fee options.

2. By deleting section 3.1 and replacing it with the following:

3.1 FEES AND COSTS

This PDS shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the managed investment scheme as a whole.

Taxes are set out in another part of this PDS. All amounts shown are in Australian Dollars, unless otherwise stated.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

FOREIGN ACCOUNT TAX COMPLIANCE ACT (FATCA)

FATCA was enacted in 2010 by the U.S. Congress and has important implications for financial institutions globally including investment entities such as the Funds.

As a consequence, the PDS is amended as follows:

4. By inserting the following section after the '*Other comments*' part of section 7.1.5:

7.1.6 Foreign Account Tax Compliance Act ("FATCA")

FATCA was enacted in 2010 by the U.S. Congress, to target non-compliance by US taxpayers using foreign accounts. FATCA has important implications for financial institutions globally, including an obligation to:

- (a) identify US accounts and report information relating to US accounts to the Internal Revenue Service ("**IRS**"); and
- (b) withhold 30% FATCA tax on US connected payments to non-participating foreign financial institutions ("**FFIs**") (that is, where the FFI has not entered into a relevant 'compliance reporting' Agreement with the IRS in the US).

FATCA withholding is due to commence on 1 July 2014 and affected FFIs can include investment entities such as the Fund.

On 28 April 2014, Australia entered into an Intergovernmental Agreement with the US to improve international tax compliance and implement FATCA (the "**IGA**"). The IGA will allow Australian resident financial institutions that are investment entities (such as the Fund) to register as a Registered Deemed - Compliant Foreign Financial Institution with the IRS in the US. This will ensure that there is:

- (a) No requirement for the Fund to enter a compliance agreement directly with the IRS in the US; and
- (b) No requirement to withhold 30% FATCA withholding tax on US connected payments made to the Fund in Australia.

Exposure draft legislation has also been released by the Australian Treasury which will give domestic effect to Australia's obligations under the IGA.

In accordance with IGA and proposed Australian domestic laws, the Fund (or BetaShares Capital Ltd acting on behalf of the Fund) will be required to:

- (a) register with the IRS;
- (b) conduct appropriate due diligence procedures, and
- (c) collect and report information to the Australian Taxation Office ("**ATO**") relating to U.S. Reportable Accounts and payments to Non-participating Financial Institutions (rather than the IRS), which may be exchanged with the IRS.

Accordingly, the Fund (or BetaShares Capital Ltd acting on behalf of the Fund) may request that you provide certain information about yourself (for individual investors) or your controlling persons (where you are an entity) in order for the Fund (or BetaShares Capital Ltd acting on behalf of the Fund) to comply with its Australian tax obligations.

We note, that in the event the Fund (or BetaShares Capital Ltd acting on behalf of the Fund) suffers any amount of withholding tax (including FATCA withholding tax) and/or penalties, neither the Fund nor BetaShares Capital Ltd acting on behalf of the Fund will be required to compensate you for any such tax, except in exceptional circumstances.
