- (b) Where a Unitholder has more than one allocated holding on the Register, the Unitholder must complete an application form for each separate holding.
- (c) DRP participation will apply automatically to Unitholders in Betashares Ethical Diversified Growth ETF, the Betashares Ethical High Growth ETF and the Betashares Diversified All Growth ETF who have a Registered Address in Australia or New Zealand, unless they elect to opt-out of the DRP.

4. Degree of participation

- (a) Depending on the Fund, and as specified in the Annexure, participation in the DRP when available may be either:
 - (i) full participation only; or
 - (ii) full or partial participation.
 - If partial participation is specified for a Fund in the Annexure, Betashares may determine in its discretion at any time to not make partial participation in the DRP available.
- (b) In the case of full participation, all Units registered in the Participant's name from time to time, however acquired (including Units acquired under the DRP), will participate in the DRP and all distributions on those Units will be reinvested.
- (c) A Participant must confirm the degree of participation on the application form by checking the relevant box.
- (d) Full participation in the DRP is the default position for Unitholders in Betashares Ethical Diversified Growth ETF, the Betashares Ethical High Growth ETF and the Betashares Diversified All Growth ETF with Registered Addresses in Australia or New Zealand. Such Unitholders may opt-out of their DRP participation as described in section 8.

5. Operation of the DRP

- (a) Betashares may, at its discretion, either issue new Units or cause existing Units to be transferred to Participants (or undertake a combination of both options), to satisfy its obligations under the DRP.
- (b) A Participant shall be deemed to have:
 - directed Betashares to apply the cash distribution that is available for payment to the Participant in relation to the participating Units of the Participant, as of the distribution Record Date (less any applicable Taxes) towards the issue or acquisition price of further Units;
 - (ii) authorised Betashares to subscribe for, acquire or procure the acquisition of Units on the Participant's behalf; and
 - (iii) agreed to be bound by the Constitution in respect of all the Units issued or transferred to the Participant under the DRP.
- (c) Betashares will establish and the Registry will maintain a DRP Account for each Participant.
- (d) Betashares will:
 - determine the cash distribution that is available for payment to the Participant in relation to the participating Units of the Participant (less any applicable Taxes) and credit that amount to the Participant's DRP Account;
 - (ii) determine the maximum whole number of Units which could be acquired at the Issue Price by dividing the credit balance amount in the Participant's DRP Account by the Issue Price and rounding that number down to the nearest whole number;
 - (iii) on behalf of and in the name of the Participant, subscribe for, transfer or procure the transfer of that number of additional Units determined under clause 5(d)(ii) above and debit the Participant's DRP Account with the aggregate Issue Price of the Units subscribed for or transferred;
 - (iv) issue, transfer or procure the transfer of that number of Units determined under clause 5(d)(ii) above to the Participant; and

- (v) retain in the Participant's DRP Account any credit balance remaining after the issue or transfer of Units under clause 5(d)(iv) above until the payment of the next distribution when that amount will be aggregated with any further distribution credited to the Participant's DRP Account.
- (e) No interest will accrue to a Participant in relation to any credit balance retained in the Participant's DRP Account.
- (f) Units issued or transferred under the DRP will be acquired by Participants at the Issue Price.
- (g) Where a Participant ceases to participate in the DRP for any reason, including under clauses 8, 9, or 12 of the DRP or where the DRP is terminated, then Betashares will retain any credit balance below \$1 in the Participant's DRP Account as an asset of the relevant Fund. The Participant can redeem this residual credit balance by contacting the Registry. Residual DRP credit balances above \$1 will be automatically paid out following the relevant calendar quarter end.

6. Units under the DRP

- (a) Units issued or transferred under the DRP will be allotted in accordance with the terms and conditions of the DRP, the Constitution and any product disclosure document or other offer document that is current at the time of the allotment and those Units will rank equally in all respects with existing Units as from the date of issue.
- (b) Units issued or transferred to a Participant under the DRP will be registered on the Register.
- (c) Units to be issued under the DRP will be issued within the time required by the ASX Operating Rules.

 Application will be made by Betashares promptly after allotment of Units issued under the DRP for such Units to be quoted for trading on the ASX, if applicable.
- (d) A unit holding statement will be sent to each Participant within 30 business days from the date of allotment or transfer of Units provided under the DRP specifying the number of Units allotted or transferred to the Participant and the amount of the distribution represented by the Units.

7. Cost to participants

In the event of a change in the existing legislation, so that at the date of any issue, stamp duty or other tax is payable in any Australian state jurisdiction in respect of the issue, the amount of such stamp duty or other tax shall be paid by the Participant to whom the Units are provided and will be debited to that Participant's DRP Account.

8. Variation and termination of participation

- (a) A Participant may at any time give notice (in the form of an application form) to the Registry either:
 - (i) applying to participate in the DRP;
 - (ii) terminating participation in the DRP; or
 - (iii) changing the degree of participation in the DRP.
- (b) A notice under paragraph (a) above will be effective for the next distribution payment, provided that the notice is received by the Registry on or before the Business Day following the Record Date for the distribution.

9. Termination of participation where no notice is given

- (a) Where a Participant disposes of all its Units without giving the Registry notice of termination of participation in the DRP, the Participant will be deemed to have given notice of termination of participation in the DRP on the last date on which the Registry registered a transfer or instrument of disposal of the Units.
- (b) Where a Participant changes their Registered Address so that it is no longer in Australia or New Zealand (or another approved location as determined by Betashares), the Participant will be deemed to have given notice of termination of participation in the DRP effective from the date of receipt by the Registry of notification of the change.

10. DRP Statement

The Registry or Betashares, when sending distribution advices, will send to each Participant a DRP Statement providing, at the relevant date, full details of the Participant's DRP Account and transactions pursuant to the DRP.

11. Applications and notices

- (a) Applications and notices for the purposes of the DRP shall be in writing in such form and lodged at such place as Betashares may from time to time require.
- (b) Applications and notices (other than notices of death, bankruptcy or liquidation) in respect of Units registered in joint names must be signed by all registered holders of those Units.
- (c) Applications and notices will take effect on and from the date on which they are received by the Registry provided that:
 - (i) an application to participate in the DRP is not effective until it has been accepted by Betashares; and
 - (ii) applications and notices received by the Registry after the Business Day following the Record Date for a distribution will not be effective in relation to that distribution, but will be effective for subsequent distributions.

12. Betashares powers in relation to the modification or termination of the DRP

- (a) Betashares may at any time:
 - (i) modify, vary, amend or terminate the DRP by giving notice to Unitholders; and/or
 - (ii) suspend the operation of the DRP from time to time for any period.
- (b) The accidental omission to give to a Unitholder a notice of modification, variation, amendment, suspension or termination of the DRP, or non-receipt of such a notice by a Unitholder, shall not invalidate the modification, amendment, variation, suspension or termination of the DRP.
- (c) The modification, amendment, variation, suspension, recommencement or termination does not give rise to any liability on the part of, or right of action against, Betashares or any of its officers, employees or agents.
- (d) If the DRP is suspended, each Participant's participation in the DRP is also suspended and all Units will be deemed to be non-participating Units for the purpose of any distribution paid while the DRP is suspended. If the DRP is suspended and is later recommenced, then upon recommencement all prior elections are

- reinstated subject to any variation or termination validly given by a Participant after the recommencement of the DRP.
- (e) If the Corporations Act or any relief from the provisions of the Corporations Act granted by the ASIC requires that this DRP contain certain provisions whether as an absolute requirement or in order to gain the benefit of a concession, exemption or the relief, then those provisions are deemed to be incorporated into these terms and conditions at all times at which they are required to be included and prevail over any other provisions of these terms and conditions to the extent of any inconsistency.

13. Administration of the DRP

This DRP will be administered by Betashares which has the power to:

- (a) determine procedures for administration of the DRP consistent with these terms and conditions (as amended from time to time);
- (b) settle in such manner as it thinks expedient any difficulties, anomalies or disputes which may arise in connection with the operation of the DRP, whether generally or in relation to any Participant or any Units, and the determination of Betashares is conclusive and binding on all Participants and other persons to whom the determination relates; and
- (c) delegate to any one or more persons, including its Registrar, for such period and on such conditions as it may determine, the exercise of any of their powers or discretions arising under the DRP.

14. Taxation

Betashares does not make any representation or warranty in respect of, or accept any responsibility for, the liability of Participants to the payment of tax or stamp duty in respect of any issue of Units, payment or other transaction pursuant to the DRP.

15. Severability

If any provision of the DRP is illegal or invalid because it offends any applicable law:

- (a) if the offending provision can be read down so as to give it a partially valid operation, it must be read down to the extent necessary to achieve that result; and
- (b) in any other case, the offending provision must be severed in which event the remaining provisions will operate as if the severed provision had not been included.

16. Governing Law

This DRP is governed by the laws of New South Wales.
