

**ASX: DRUG**

# Invest in the growth opportunities in global healthcare via the ASX

The Betashares Global Healthcare ETF – Currency Hedged (ASX: DRUG) provides investors with access to a diversified portfolio of the world's leading healthcare companies in a single ASX trade.

## HEALTHCARE SECTOR EXPOSURE

DRUG provides instant exposure to the performance of the largest international healthcare companies, including Johnson & Johnson, Pfizer and Roche.

## GROWTH OPPORTUNITY

Due to ageing populations, rising living standards and ongoing medical advancements, healthcare is anticipated to remain one of the global economy's leading growth sectors for some time.

## LARGE COMPANY EXPOSURE

DRUG invests only in the most significant healthcare companies globally.

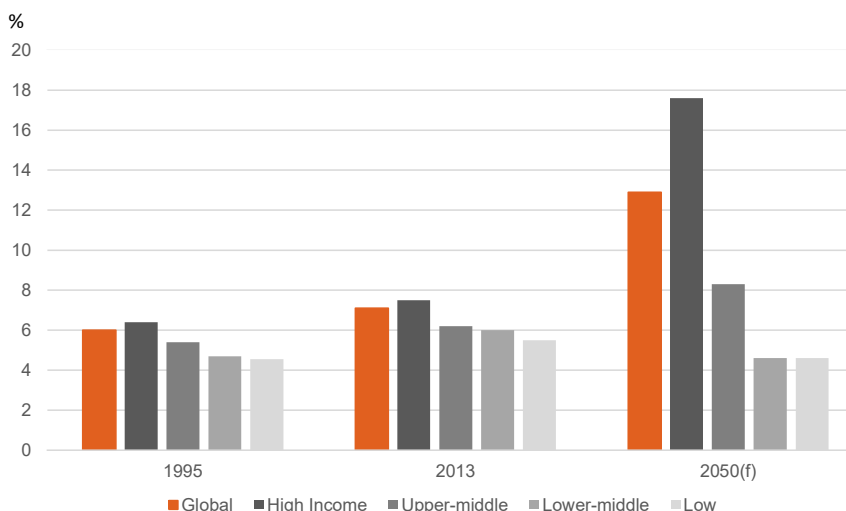

## REDUCED CURRENCY RISK

DRUG is hedged to the Australian Dollar, substantially eliminating the effects of currency fluctuations on returns.

## Global spending on health is expected to increase to \$38 trillion worldwide by 2050\*

Total Health Care Spending (% of GDP) by Country Income Level: Projections to 2050

Source: World Bank and Institute for Health Metrics, HealthData.org, projections as at October 2022. Projections may differ from actual results.

## Buy and sell like any share on the ASX using the code: DRUG

Betashares Capital Ltd (ABN 78 139 566 868 AFS Licence 341181) is the issuer. Read the Target Market Determination and PDS at [www.betashares.com.au](http://www.betashares.com.au) and consider with your financial adviser whether the product is appropriate for your circumstances. The value of the units may go down as well as up. The Fund should only be considered as a component of a diversified portfolio.

## How to use DRUG in a portfolio:

DRUG can be used by investors for a variety of investment strategies, for example:

- A small component of a global shares allocation.
- Tactical exposure to the global healthcare sector.
- ASX: DRUG is part of our global sector fund series.

The Global Sector Series is designed to provide investors with a convenient and cost-effective way to access the largest companies in some of the world's most important industry sectors in a single ASX trade.

Investment risks include market risk, international investment risk, healthcare sector risk and concentration risk. The Fund's returns can be expected to be more volatile (ie vary up and down) than broad shares exposure, given its more concentrated exposure. For more information on risks and other features of the Fund, please see the Product Disclosure Statement.
