¹ As the Fund is newly established, this figure reflects the recoverable expenses that the Responsible Entity, at the date of this PDS, reasonably estimates will apply for the current financial year (adjusted to reflect a 12 month period). For more information on recoverable expenses, please see section 3.3.3 in the “Additional Explanation of Fees and Costs” section below.

² As the Fund is newly established, this figure reflects the indirect costs that the Responsible Entity, at the date of this PDS, reasonably estimates will apply for the current financial year (adjusted to reflect a 12 month period). For more information on the meaning and calculation of indirect costs, see “Indirect costs” under the heading “Additional Explanation of Fees and Costs”.

³ As the Fund is newly established, this figure (rounded to two decimal points) reflects the transaction costs that the Responsible Entity, at the date of this PDS, reasonably estimates will apply for the current financial year (adjusted to reflect a 12 month period). This estimate is net of estimated transaction costs for which the Responsible Entity reimburses the Fund out of the application and redemption fees it receives from Authorised Participants as described in section 3.3.6. For more information on transaction costs and the application and redemption fees payable by Authorised Participants see “Transaction costs” and “Application and redemption fees for Authorised Participants” under the heading “Additional Explanation of Fees and Costs”.

⁴ An Authorised Participant is a financial institution which is a participant in relation to a financial market (or which has engaged a participant to act on its behalf) which has entered into an agreement with the Responsible Entity in relation to Unit applications and redemptions. For an explanation of the contribution fees and withdrawal fees (also referred to in this PDS as application fees and redemption fees) please see section 3.3.6 “Application and redemption fees for Authorised Participants” in the “Additional Explanation of Fees and Costs” section. Unitholders who are not Authorised Participants may be charged a redemption fee if they redeem Units pursuant to their right to redeem in the special circumstances described in section 5.6 - see the “Additional Explanation of Fees and Costs” section below for more information.

⁵ Cash applications and redemptions are only available if agreed by the Responsible Entity. Additional contribution and withdrawal fees may apply in the case of a cash application or redemption as agreed with the Responsible Entity from time to time.

⁶ While the Fund does not charge a buy-sell spread, as the Fund is traded on a securities exchange, investors may incur a bid-offer spread when trading on the exchange.

⁷ For withdrawals, the variable component of the withdrawal fee reflects an adjustment for accrued interest related to investments for the period between the trade date and settlement date. For applications, the application amount will be reduced to reflect accrued interest related to investments for the period between the trade date and settlement date.

Certain additional costs may apply. See the “Additional Explanation of Fees and Costs” section below for more information.

Each fee set out in this table may in some cases be negotiated with wholesale clients. For more information, refer to the explanation of “Differential fees, rebates and related payments” in the “Additional Explanation of Fees and Costs” section below.

All fees and costs in the table above include Goods and Services Tax (“GST”), net of any reduced input tax credits and any applicable stamp duty and are shown without any other adjustment in relation to any tax deduction available to the Responsible Entity or the extent to which any tax deduction may be passed on to Unitholders.

³ Management fees and costs are made up of the management fee, recoverable expenses and indirect costs. As the Fund is newly established, the figures used in the example above represent the amounts that the Responsible Entity, as at the date of this PDS, reasonably estimates will apply for the current financial year (adjusted to reflect a 12 month period). For more information, refer to the "Additional Explanation of Fees and Costs" section below.

⁴ As the Fund is newly established, this figure reflects the transaction costs that the Responsible Entity, at the date of this PDS, reasonably estimates will apply for the current financial year (adjusted to reflect a 12 month period). This estimate is net of estimated transaction costs for which the Responsible Entity reimburses the Fund out of the application and redemption fees it receives from Authorised Participants, as

described in section 3.3.6. For more information on transaction costs and the application and redemption fees payable by Authorised Participants see “Transaction costs” and “Application and redemption fees for Authorised Participants” under the heading “Additional Explanation of Fees and Costs”.

⁵ Assumes the \$50,000 is invested for the entire year and the \$5,000 investment occurs on the last day of the year, and therefore the fees and costs in this example are calculated using the \$50,000 balance only.

⁶ The Fund does not charge, and there is no right for the Responsible Entity to charge, a performance fee.
