

**ASX: GAME**

28 March 2024

**Objective**

GAME aims to track the performance of an Index (before fees and expenses) that provides exposure to a portfolio of leading global video gaming and esports companies.

**Benefits****Exposure to the growth potential of the video games and esports industry**

Video games and esports have been growing strongly, and now generate more revenue than the movie business and North American sports combined. Industry revenue, profit margins, and the number of global players are all forecast to increase in the coming years.

**Exposure to leading video gaming and esports innovators**

GAME provides exposure to a portfolio of the world's leading video games and esports companies, including Roblox, Nintendo, NetEase and Electronic Arts.

**Portfolio diversification**

GAME offers potential portfolio diversification benefits to Australian investors, given that video gaming and sports are under-represented in the Australian market.
