

Betashares Cloud Computing ETF: PDS Update

Betashares Capital Ltd, as responsible entity of the Fund, may update information in the Fund's Product Disclosure Statement (PDS) by issuing a supplementary PDS. However, for product updates that are not materially adverse to unitholders, we may notify unitholders via our website. Any such updates should be read together with the PDS.

The following non-materially adverse changes to the Fund's PDS have been made.

PDS date: 12 February 2021

Date of update: 3 July 2023

Nature of update: The index methodology for the Indxx Global Cloud Computing Index ("Index"), which the Fund aims to track before fees and expenses, has been revised by Indxx, LLC, the index sponsor, to specifically exclude Taiwan from the list of developed or emerging markets, as defined by the index sponsor, that form part of the eligible investment universe. This change will be implemented at the next Index rebalance in November 2023.

To reflect this revision, the Fund's PDS is updated in section 2.1.3 "About the Index" on page 7 by replacing the following statement (which is the first bullet point in the second paragraph of section 2.1.3):

"Be listed in a developed or emerging market (excluding India) as defined by the Index Provider;"

with the following statement:

"Be listed in a developed or emerging market (excluding India and Taiwan) as defined by the Index Provider;"
